

CHRISTELLE GREY

www.christellegrey.com

Email: christellegrey@gmail.com

Located in Maitland, NSW

Christelle paints realistic detailed paintings in transparent and semi transparent watercolours. She prefers to paint the wildlife of Africa, because that's where she grew up and she knows the animals well. She has visited the National Parks in the southern parts of Africa every year since childhood.

'Close Family'

Although she has always been interested in watercolour painting, her background is in Psychology and Early Childhood / Special Education. She had no formal art training and has been painting seriously since 2010. Since then she has travelled to New Zealand and Canada for workshops and private tutoring. She takes part in local art exhibitions and has won a few awards. She is most proud of several People's Choice Awards for her elephant paintings. She works from photos, mostly her own.
